EARLINGTON, HOPKINS COUNTY, KY., FRIDAY, JANUARY 6, 1911

No. 2

EARLINGTON TO HAVE NEW ROUND HOUSE AND MACHINE SHOP

L. & N. Will Build a Ten Stall Round House
and Shops on Ground Now Used
as Baseball Park.

Shops Will be Greatly Enlarged
and New Machinery Added

PRESENT FACILITIES INADEQUATE
FOR HANDLING NECESSARY WORK

The Semi-Weekly Bee has inside information from an L & N. official who knows what he is talking about, that the L. & N. will within the next two years build a ten stall round house and new machine shops on the ground where the baseball park now is and that the present force of machinists and car repairs will be greatly increased.

The old round house is in bad condition and needs repairing but orders have been received by the foreman at this place not to repair anything that would last two years. The present round house has only three stalls accommodating three engines when there are often as many as fifteen in the yard at one time and seven or eight to be repaired. The machinists are considerably handicapped on account of insufficient room and the lack of proper machinery and the consequence is a great deal of work that should be done at Earlington has to be hauled to Howell's shops involving unnecessary expense and haulage. The shops and round house will be erected with a view to the future and will be sufficiently large to take care of all necessary work on this division. The increase in force means more families for Earlington, more houses for them to live in, and more money in circulation for Earlington and Hopkins county. It looks as if Earlington were to remain on the map for some time to come, with 200 years of coal mining prosperity ahead of her and the consequent good times for the railroad men.

Kill More Than Wild Beasts.
The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expell these deadly disease germs from the system. That's why chills, fever andague, all-malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them, and enjoy the glorious health and new strength they'll give you. Money back, if not satisfied. Only 50¢ at all Drug-gists.

Young Man Dies.
Roy Wilson, son of Judge Wilson, of Madisonville, died last night at the home of his father, after a lingering illness of over five months. He was a well known and popular young man and well-liked by everyone who knew him. The family have the sympathy of the entire community.

Parson's Poem A Gem

From Rev. H. Stubenvoll, Allison, Ia., in praise of Dr. King's New Life Pills. "They're such a health necessity, in every home these pills should be. If other kinds you've tried in vain,

USE DR. KING'S

And be well again. Only 25¢ at all Druggists.

Madisonville Merchant has Hard Fall.

M. W. Bishop the well known merchant, of Madisonville, had the misfortune to fall down the back steps at his place of business Tuesday and was knocked unconscious for a short time. He struck on his head and shoulder and narrowly escaped serious injury.

PROPHECY ABOUT EARLINGTON'S ROSY FUTURE IS NOW BEING REALIZED

*Statement of Facts and Forecast of Future Made by The Bee
Many Months Ago.*

Whether the editor of The Bee has been a true prophet, has told the people of Earlington the real facts concerning the coal and railroad business of the town, and the future of this business, upon which our welfare is based, may be judged by The Bee's readers from the following utterance which was published as the facts and The Bee's opinion more than a year and a half ago, at the time we announced definitely that the L. & N. "cut-off" would be built. The editor did all he could to overcome the spirit of pessimism that then prevailed and for which he saw no valid reason. How far he was right may now be judged in the light of subsequent events.

(From the Earlington Bee of April 4, 1909)

The Bee has definite information that Earlington will not be neglected in any way under the new order of things when the (L & N.) cutoff is built. In fact it will be the purpose of the (L & N.) management to take better care of Earlington with all local trains, and to give better service to the traffic produced on the old line than heretofore. There is nothing in the outlook to discourage the people of Earlington as to the future of the town or the value of real estate. On the contrary, everything to encourage a belief in the continuation of the steady improvement and healthy growth that has been the exceptional and distinguishing feature of Earlington's progress for the past thirty years. There are advantages to the railroad here that cannot be duplicated elsewhere along the line and here is the natural and logical location for the yards and shops that have already been expanded to very important dimensions and are sure to continue in growth. Another indispensable feature for the railroad interest at this place is the now absolutely inexhaustable water supply, since the enlargement of Loch Mary, which is not surpassed at any point on the Henderson division and has no prospect of being duplicated at any additional point along the line.

Earlington is the natural center for the coal traffic handling for mines on the L. & N. in Hopkins and Webster counties and will remain so. It is on this traffic that the railroad interests of Earlington have been and are now based. This traffic, instead of declining in the future, will certainly grow, and the business of Earlington will increase in number of men employed by the coal operators and railroad, in the amount of monthly pay rolls and in the resulting improvement in amount of merchandising and banking done. Earlington, therefore, will remain the center for the assembling and handling of the greatest tonnage of coal and coke originating or handled at any point in the state of Kentucky, with everything in favor of future improvement. Here will continue to come an increasing number of cars for repairs, that are used in this big coal traffic and in the general freight traffic on this division. About all that Earlington will miss when the cut-off is built will be the noise and smoke of certain heavy, thunderous, through trains that are not necessary to bring anything or take anything from Earlington.

COOKING STOVE EXPLODES WITH TERRIFIC FORCE.

Blows Parts of Stove all Over Room
Mrs. Keith Barrowly Escapes Injury.

The "Quick Meal" Range owned by Mrs. Jno. Keith, of this city, exploded Wednesday morning with a terrific force and blew parts of the stove all over the kitchen. Mrs. Keith had a roaring fire in the stove and several buckets of water on top, the hot water in it, immediately there was an explosion and parts of the stove went in various directions, narrowly missing her head. The large amount of water on the stove soon put the fire out and damage in that direction was averted. The explosion was caused by the water in the pipes leading from the water compartment to the stove being frozen.

The quickest and most effective remedy for loosening the phlegm, relieving irritation and curing any cough or cold is Bloodine Cough Checker St. Bernard Mining Co., Incorporated. Drug Department, special agents.

Services at Christian Church.

Rev. D. T. Stanley, of Fordyce Ark., will preach at the Christian church Sunday and Sunday night. A cordial invitation is extended to all to hear this eloquent divine.

INCREASED OUTPUT SPITE OF STRIKERS

Coal Output 1910 Close to Largest Tonnage in Country's History.

WESTERN KENTUCKY FIELD GAINS HEAVILY DURING STRIKE PERIOD.

According to reports received by the United States Geological Survey from coal-mine operators and others familiar with the industry, the production of coal in the United States during 1910 was between 475,000,000 and 485,000,000 short tons, a considerable increase from the output of 459,715,704 short tons in 1909 and approximately within 1 per cent of the maximum previous record of 459,363,424 tons, produced in 1907.

The most important factor influencing the coal-mining industry in 1910 was the prolonged strike in Illinois and the Southwestern States. This strike or suspension, which started on April 1 pending an adjustment of the wage scale, was not finally settled until September 15, and after that date much time was lost in putting the mines into condition for operation, so that the period of idleness in the mines affected was fully six months.

During the idleness many of the miners who were on strike in Illinois obtained employment in the mines of competitive States and helped to increase the output of those States, which offset the shortage in the States affected.

Notable increases in production were made in the Western counties of Kentucky, in western Pennsylvania, and in Ohio, West Virginia, Alabama, Colorado, New Mexico and Montana. The states whose production was reduced by the strike were: Illinois, Kansas, Missouri, Arkansas and Oklahoma. It was claimed by the miners' organization that on June 1, 1910 70,000 miners were idle in Illinois, and 55,000 in the Southwest, that is in Kansas, Missouri, Arkansas, Oklahoma and Texas. About the middle of May the operators of two important districts in Illinois seceded from the Illinois Coal Operator's Association, which was in contest with the miners' terms, and went to work. Other mines which were not represented in the association were also operated during the strike, so that from 25 to 30 per cent of the normal output of the State was being produced at the time the strike was ended, and this continuous production was a potent factor in bringing the operators to terms with the miners.

Kentucky Profits by Strike.

The stoppage of work in the mines affected by the strike of 1910 was of material benefit to the competing field of Western Kentucky.

This is exhibited in the fact that the shipments over the Louisville & Nashville Railroad from this district for the first eleven months of the year showed an increase of 69½ per cent over those of 1909, and the evidence is that approximately the same increase was shown all through the Western Kentucky coal fields, whose total production was estimated at 9,550,640 short tons, as against 5,578,161 short tons in 1909. If a natural increase of 10 per cent is assumed for the year, the strike of 1910 added fully 8,350,000 tons of the production of this field. All

VITAL STATISTICS LAW IN EFFECT

Births and Deaths are now Being Recorded in Kentucky.

INTERMENTS WITHOUT PERMIT NOW BECOME ILLEGAL.

Bowling Green, Ky., Jan. 5.—With the beginning of the new year the Bureau of Vital Statistics law went into effect, and for the first time in the history of the State there will be registered under provision of the law, the births and deaths of human beings.

The State Registrar, Dr. W. L. Heizer and a large office force have been engaged for six weeks in naming local registrars, at an average distance of five miles over the entire State, and to-day over fifteen hundred such appointees are carrying out the provisions of the act. More than twelve thousand packages of mail and express have been sent out from this office within the last ten days.

Under the law the physicians are required to report to the local registrar within ten days the name of the child and its parents, and the date of its birth. They are required to issue a certificate of death which states the name of the deceased, the age, the cause and the date of death. Undertakers are required to secure a complete certificate of death and present the same to the local registrar, who will issue a burial or removal permit. Interments without this permit become illegal.

List of Local Registrars.

Dr. J. D. Sory, chairman of the Hopkins County Board of Health, has made the following appointments of local registrars: Earlington, Edward Trahern, deputy, Mrs. Trahern; Madisonville, Robert Sory, deputy, Perkins Adams, Morton's Gap and Barnesley, Will Sisk, deputy Albert Whitfield; St. Charles, E. J. Sisk, deputy, Jeff Sisk; Dawson Springs, Geo. Price, deputy, James Price; Hanson, E. L. Parish, deputy, T. G. Jones; Nebo, Chris Hoffman, deputy, E. L. Hoffman; Nortouville, Chas. Trathen, deputy, Mrs. Trathen; White Plains, Claude Bass. Up to time of going to press the work of the registrars has been the cheerful task of registering births; in fact, none who were interviewed reported any deaths.

Lame back may come from over-work, cold settled in the muscles of the back, or from disease. In the two former cases the right remedy is **BALLARD'S SNOW LINIMENT**. It should be rubbed in thoroughly over the affected part, the relief will be prompt and satisfactory. Price 25c, 50c and \$1.00 per bottle. Sold by St. Bernard Drug Store, of the St. Bernard Mining Co., Incorporated.

Mass Meeting Held.

A mass meeting of the citizens of Madisonville was held in the Methodist church at that place Wednesday night and plans were discussed looking toward the betterment of the town. Several prominent citizens made speeches and resolutions were adopted. The meeting was called to order by S. M. Bernard and devotional exercises conducted by Rev. D. M. Harrison, Hon. W. L. Gordon, Sr., and C. C. Givens and others made interesting talks.

Heartburn, indigestion or distress of the stomach is instantly relieved by **HERBINE**. IT forces the badly digested food out of the body and restores tone in the stomach and bowels. Price 50c. Sold by St. Bernard Mining Co., Incorporated.

READINESS AND QUICK ACTION PREVENTED A COSTLY FIRE

Alarm After Midnight This Morning From the Coke Plant.

Readiness to meet the emergency and quick action on the part of those who arrived on the scene, prevented a costly fire at the coke plant a little after midnight this morning. The alarm sounded at 12:15 o'clock, followed shortly after by a second alarm and citizens were turning out in all directions, but it was out before many could dress and travel that far.

The fire started in the crushed coke bins, probably caused by coke put in bin before it had thoroughly cooled.

It was discovered by W. R. Brown, on duty there, and he and W. A. Randolph, who came from No. 9, had water on the fire in a very few minutes. F. D. Rash, Dan M. Evans, John and Chas. Barnett, Henry Rogers and John Griffin were among the first arrivals.

Mr. Rogers took the nozzle up into the top of the bin and other streams were started. It was all over in a few minutes and scarcely any damage done. The pumps were in good shape and the hose in the right place and the men did the right thing.

Chamberlain's Cough Remedy never disappoints those who use it for obstinate coughs, colds and irritations of the throat and lungs. It stands unrivaled as a remedy for all throat and lung diseases. Sold by Geo. King & Sons.

Madisonville Men Have Scrap.

Capt. D. G. Nelson and John Settle both of Madisonville became engaged in a first fight at dinner table Tuesday and mated each other considerably. Settle was fined \$20 for breach of peace. Neither of the beligerants were seriously wounded.

For sore throat there is positively no remedy that will relieve so quickly and cure permanently the most aggravated case, as Bloodine Rheumatic Liniment. St. Bernard Mining Co., Incorporated, Drug Department, special agents.

"I Am Glad"

writes Mrs. Ethel Newlin, of Liberty Center, Ind., "that I began to take Cardui, for it has cured me, and I will never forget it.

"I cannot praise Cardui too highly for what it did for me. Before I began to take it, I was very bad color, suffered great pain and weighed only 105 pounds. Now I have a good color, do not suffer and weigh 125 lbs."

Take CARDUI

The Woman's Tonic

Beware of strong, noxious, mineral drugs, that sink into your system, like lead to the bottom of a basin of water.

Cardui is purely vegetable and contains no poisonous minerals, or dangerous drugs.

It is perfectly safe and harmless, for use by old and young, and may be taken, as a tonic, for months, without any possible harmful effect. Try it.

INCREASED OUTPUT

SPITE OF STRIKES

(Continued from Page 1.)
though the district is nonunion, the labor supply wasentirely adequate, even for the increased tonnage, indicating that many of the miners made idle by the strike in Illinois and the Southwestern States sought employment in western Kentucky. The car supply during the strike period was ample, but after the mines in the striking States had resumed operation cars were taken from this district for distribution through other regions and production was cut down in consequence.

The total production of coal in Kentucky during 1910 was between 30 and 40 per cent over that of 1909, the mines of the eastern districts not showing the same proportion of increase as those in the Western district.

Pleurisy pains are located just below the short ribs. Lumbar affects the same region out toward the back. BALLARD'S SNOW LINIMENT is the remedy in either case. If rubbed in thoroughly it ceases pain, relaxes the muscles and the patient can move about freely and comfortably. Price 25c, 5c and \$1.00. Sold by St. Bernard Drug Store, Incorporated.

COLORED NEWS

Miss Pauline Garrett, who is attending school at Frankfort, is spending the holidays at home. She is the picture of health.

Ois. Harrison, a pupil in our Graded school, spent the holidays in Madisonville.

Mrs. Gertrude Portor is visiting her sister in Chicago.

Mrs. Henrietta Phillips, of St. Louis, is visiting her sister, Mrs. Offatt.

The many friends of Mack Sebree, are glad to have him home again.

Mrs. Hayes, of Evansville, spent last Tuesday with her sister, Mrs. Lizzie Amos.

The Xmas tree given by the Mt. Zion Baptist church, was quite a success. Much praise is due Supt. Killebrew for his efforts in this undertaking.

On account of the inclement weather, the moving picture show, billed for Thursday night, was called off.

Rev. Evans was visited by Old Santa Clause on Xmas Eve night. As a result, he is wearing a handsome new overcoat. Many thanks to the friends, who contributed to its purchase.

John Ross was a visitor here several days ago.

The Public school concert, Dec. 22, was a grand success, considering the inclement weather.

Rev. E. Todd, of Providence, spent a few days in our city, as the guest of old friends. He preached at the Baptist church Sunday night.

Mr. and Mrs. H. D. Davie, of Providence, were here Sunday shaking hands with old friends.

Mrs. Mary Bullock, who has been visiting her sister, Mrs. Lizzie Ray, left for home Tuesday afternoon.

Rush Wilson is very ill at this writing.

Prof. J. W. Bell left Wednesday for Henderson to attend the annual meeting of the State Teachers' Association.

Mrs. E. M. Smith, of our Public school faculty is visiting in Elizabetown.

Mrs. Gertrude Porter is visiting her sister in Chicago.

Rev. Evans and family have been handsomely entertained during the holidays by Mrs. Lula Bibbs, Mrs. Hester Trabue, Mrs. Minerva Radford, Mrs. Nore Rose, Mrs. Rogers, Mrs. Long and Mrs. Hamilton.

Mrs. Ames wishes to thank Mrs. Nora Ross, who gave her a Christmas dinner and the many friends who made such liberal donations.

Mr. Payne, the brick mason, has returned to the city.

Mrs. Laura Foster is visiting in Columbia, Penn.

Prof. Driver and Mrs. Nealy are not doing so well at this writing.

Rev. Evans wishes to thank the members and friends who co-operated with him in trying to make this a sane Christmas. Drunkenness and rowdiness were not so prevalent on the streets this Xmas.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Cataract. Hall's Cataract Cure is the only positive cure now known to the medical fraternity. Cataract being a constitutional disease, requires a constitutional treatment. Hall's Cataract Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75 cents.

Take Hall's Family Pill for constipation.

Vote to Cut Out 1911 Burley Crop.

Lexington, Ky., Jan. 5.—By a practically unanimous vote the crop for 1911 was ordered abandoned this afternoon and none will be raised on lands controlled by the men represented at the meeting of the independent tobacco growers.

BEE ADS PAY

AD-TALK

What would you think of a salesman who reported for duty one day, lay off for two, worked a half day, went off for a week and so on without any regularity? Surely you would not expect good service from such a man. And yet some merchants hold advertising, which is simply a "salesman," up to great results when it is allowed to "work" very irregularly. The fact that advertising costs money is proof of its value. Things without cost are usually worth only their price.

News of the Town

Tip Top Flour fills the bill. The condition of W. R. Coyle continues to improve.

Old papers for sale at the Bee office.

Miss Elizabeth Victory was in Madisonville Wednesday.

N. L. Toombs, of Madisonville, visited relatives here Tuesday.

If you have not used Tip Top Flour, you have not used the best.

Dave Smith, of this place, was in Madisonville Tuesday on business.

If you have a friend or relative living at a distance, send them the Semi-Weekly Bee a year it will only cost and dollars and it will be a constant reminder of you, twice each week.

Doctors Said He Would Die.

A Friend's Advice Saves Life.

I wish to speak of the wonderful care that I have received from your noted Swamp-Root, the great kidney and bladder cure. Last summer I was taken with severe pains in my back and sides. I could not breathe without difficulty and was nearly wild with the desire to urinate. Was compelled to do so every ten minutes with passage of pure blood with the urine. I tried all the different doctors from end to end, but they said it was no use to doctor as I would die anyway. I was at the end of my rope and was so miserable with pain and the thought that I might die that words cannot tell how I felt. One day a friend told me of the wonderful help she had received from Dr. Kilmer's Swamp-Root. She gave me one of your pamphlets which I read and determined to try Swamp-Root. After taking half a bottle I felt better. Have now taken ten bottles and am well as I ever was, thanks to Swamp-Root. I wish to tell all suffering people that Dr. Kilmer's Swamp-Root is the best medicine on the market.

All persons doubting this statement can write to me and I will answer them directly.

Yours very truly,
CLYDE F. CAMERER,
Rosalia, Wash.

Subscribed and sworn to before me this 23rd day of July, 1909.

VERNE TOWNE, Notary Public.
Prove What Swamp-Root Will Do For You

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When

When writing, be sure and mention this paper. Regular five-cent and one-dollar-size bottles for sale at all drug stores.

Don't fail to call for Tip Top flour. Dr. W. K. Nisbet was in Madisonville Tuesday on business.

Say Tip Top Flour to your grocery man.

Jesse Phillips, of this city, was in St. Charles on business this week.

Try Tip Top Flour. It is the best.

C. C. Rambo, of Madisonville, was here Wednesday on business.

M. B. and Grover Long and W. S. McGary were in Evansville Thursday night sight seeing.

Newell G. Alford, superintendent of the Shamrock mines, was here Tuesday on business.

O. A. Davidson, one of the train dispatchers, made a business trip to Madisonville Tuesday.

Miss Olive Doolithan, of Lebanon, Tenn., is the guest of Miss Pansy Rule, of this city.

Mrs. Eva McPherson, of Los Angeles, Cal., is visiting her brother, B. E. Nixon, of this city.

Frank G. Hogg, of the Nortonville Coal & Coke Co., was in the city Wednesday on business.

T. E. Finley, the well known politician of this city, was in Providence Wednesday on business.

Mr. and Mrs. Fred Hippie, who have been visiting friends in Owensboro, have returned home.

Floyd Franklin, of Dawson Springs, was here visiting friends a few days.

Miss Hannah Stevenson, of Evansville, Ind., is the guest of Mrs. J. D. Sory.

Miss Otis Lewis, of Henderson, who has been visiting her sister, Mrs. Edgar Fox, several days, has returned home.

GOOD NEWS

Many Earlington Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Earlington are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

John Franklin, Earlington, Ky., says: "For three years my kidneys were disordered. When I stooped or lifted, sharp twinges darted through my lions and there was an almost constant pain in the small of my back. I tired easily, [frequent] suffered from headaches and was also bothered by dizzy spells. I was caused additional annoyance by too frequent passages of the kidney secretions, it being necessary for me to arise several times during the night. I finally procured Doan's Kidney Pills and received such prompt relief from their use that I continued taking them until I was completely cured. I cannot recommend Doan's Kidney Pills too highly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Ask For Sale of Belmont Hotel.

J. W. and Laura Pritchett have filed suit asking for sale of the Belmont Hotel property. The plaintiffs states they sold the hotel to the Central Hotel Co. in November 1907 and accepted three promissory notes amounting to \$7,000. They further claim they have never received any of the principal and very little of the interest and that a lien was alleged to be due on salary and unpaid. The petition states the Causality Company has deposits in the Farmers National Bank and asks that the deposits be garnished.

Chas. Osborn Files Suit for Back Salary.

Chas. Osborn, a well known citizen, of Madisonville, files suit through the his attorneys Johnson & Jennings against the Causality Company, of Nashville, Tenn., for \$260 64 and interest, alleged to be due on salary and unpaid. The petition states the Causality Company has deposits in the Farmers National Bank and asks that the deposits be garnished.

Escaped With His Life.

"Sharpsooter" Roy L. Bush has been heard from through a letter written to a friend here this week. Roy has married and "settled down" at Rochester, Ky. He will be remembered by many here as a transient member of the local Military Company, who won the gold medal as the best shot in the Third Kentucky Infantry after the encampment held at Henderson a few years since.

If your cousin, or aunt, or friend, has been to New York you may learn what "The Blue Mouse" really is. The New York papers called it a success; old-timers and first-nighters declared it a scream without a flaw. Clyde Fitch has adapted from the German farce of Alexander Engel and Julius Horst much of the original matter, but he has given it a thorough white-washing, so that "The Blue Mouse," which will be seen here at the Temple Theatre, for one night only, next Thursday, January 12, is a wholesome laugh-provoker, without causing the sensation of uneasiness. Few plays have created the favorable attention that has been bestowed upon this latest production. The cast is unusually large for a farce comedy, as 25 people are required to tell the story.

Ends Winter's Troubles.

To many, winter is a season of trouble. The frost-bitten toes and fingers, chapped hands and lips, chilblains, cold-sores, red and rough skins, prove this. But such troubles fly before Buckle's Arnica Salve. A trial convinces. Greatest healer of Burns, Boils, Piles, Cuts, Sores, Eczema and Sprains. Only 25c at all Druggists.

Scene from "The Blue Mouse," at Temple Theatre, Thursday, January 12

The 1911 World Almanac

is the archway to a storehouse of reliable information; full details of the 1910 census and of the most important and exciting Congressional Election in fifty years; 10,000 facts and figures about politics, labor, religion, sports, farm statistics, finance, trade, commerce, insurance, money and banking information about our own and all foreign countries, the armies and navies of the world, Panama Canal, aerial navigation, growth of the United States, universities and colleges; postal information, naturalization laws and qualifications for voting; Constitution of United States, population of largest cities of the earth, of 100 largest cities in United States, of all United States cities of 5,000 or more; in fact the 1911 World Almanac will tell you something about everything and everything about a great many things. Price 25c. at bookstores (west of Buffalo and Pittsburg 30c.), by mail 35c. Address The New York World, New York.
